

## Kiloutou turns once again to the expertise of HR Access

Paris, 1st June, 2010 – Kiloutou, the French equipment rental specialist serving both professionals and private individuals, has turned once again to the competencies of HR Access. The company has chosen to migrate to HRa Suite 7—the flagship solution by the HR management solutions and HR outsourcing expert. Faced with a shifting environment marked by significant changes in business and technology, Kiloutou, which has relied on HR Access for more than 15 years, today has opted for a leading-edge technology to handle administrative management and payroll and training management for its 2,300 employees.

*“The possibility of using the latest version of the HR Access solution and benefiting from its rich functionality and a technology drawing on current market standards was a deciding factor in our choice of upgrade,”* states **Christophe Laloyer, Chief Technical Officer, Kiloutou.** *“We have worked with HR Access for more than 15 years. This migration reflects our will to continue this partnership. It is also an opportunity for us to combine our internal competencies with the best of today’s technologies.”*

Founded in 1980, Kiloutou is the leading equipment rental company in France, serving both private individuals and companies of wide-ranging sizes (major French companies, building and construction firms, public works, artisans, local governments and administrations, industries, services, small and medium enterprises, etc.). Kiloutou today offers a very large range of more than 1,000 product references in high-rise construction, heavy construction, light construction and outfitting, utility vehicles, heating and air conditioning, event and audiovisual productions, and parks and recreation. To remain in close proximity to its customers, Kiloutou has a network of more than 270 branches covering all of France. Kiloutou today has a reputation placing it in the top tier of French equipment rental companies, as well as an image of quality among the best in the profession.

Since its launch toward the end of 2007, the HRa Suite 7 solution has, throughout the world, won over both new customers and companies already forming part of HR Access’ customer base. Today in France, some 50 companies including Nexity, La Poste (French postal service) and Air Liquide have already turned to HRa Suite 7.
