Paris, 4th May, 2010 – **HR Access, a noted authority on HR management solutions and HR outsourcing, announces a new contract with world-leading insurance broker Gras Savoye. Having entrusted HR Access with partially outsourced payroll administration for close to 10 years, Gras Savoye turns once again to the HR solutions provider for state-of-the-art, integrated HRIS accessible to employees and managers and flexible enough to meet to the group’s changing HR needs.**

Ranked 9th worldwide and number one in France, leading insurance broker Gras Savoye (www.grassavoye.com) boasts multiple areas of specialisation, counselling its clients on risk prevention and risk management, developing and placing insurance and alternative financing solutions, and managing contracts and claims in all areas of insurance coverage. Gras Savoye serves a wide-ranging clientele that includes large enterprises, small and medium-sized enterprises and industries, local authorities, liberal professions, private individuals and all lines of business. With turnover of €547 million registered in 2009, Gras Savoye has a workforce of 3,670 and more than 100 locations in 40 countries, mainly in Europe, Africa, the Middle East and Asia.

To keep up with its steady growth, the group sought a new partner to take on its HR management systems handling the records of 2,300 employees in France. The recognised expertise of HR Access in the banking and insurance industry, the relevance of flagship solution HRa Suite 7 and the services offered all sealed the decision made by Gras Savoye.

Gras Savoye’s challenge was to set up a reliable, cohesive and integrated HRIS solution meeting a need for accessibility—as much for employees as for managers. With operational start-up slated for June 2010, the solution’s functional scope includes the outsourcing of systems for payroll administration, personnel administration, time and attendance and training.

“By working with HR Access, we have the assurance of their solution’s powerful functionality and the quality of their services. For us, this decision hinged on our trust-based relationship. Their comprehensive offer, transparent pricing and low turnover won us over,” explains **Véronique Chabanis**, the group’s human resources director.
