

AG2R La Mondiale chooses 'HRa Employee Services' by HR Access

Paris, June 24, 2010 – **Supplementary pension and estate planning specialist AG2R La Mondiale has entrusted an overhaul of its HRIS to HR Access, a noted authority on HR management solutions and HR outsourcing, maintenance, hosting and managed services.**

AG2R La Mondiale's objective is to harmonise the various HRIS systems used by the group's companies. It aims to do so by turning over its HR administration, time and attendance, payroll and training management to a reliable partner. The HR records of 7,000 employees in France will be affected.

AG2R LA MONDIALE

Specialised in personal insurance (life insurance, health insurance, savings and retirement), AG2R La Mondiale has an overarching commitment to create value for its policyholders, members, employees and partners. A cooperative owned and managed in equal measure by employers' representatives and labour unions, AG2R La Mondiale—which has a €13.7 billion total of contributions for the full array of its businesses—continuously enhances the

quality of its products and services to support its 8 million policyholders throughout every stage of their lives.

To meet the need for pooled HR management for all AG2R La Mondiale companies, the group sought a partner capable of offering a modular, customised solution with a high level of technical availability, especially in the area of IT platform security.

"Beyond rationalising the management of our human resources, we wanted to be certain that the solution chosen would be able to support our growth and expansion while leaving us considerable flexibility. That's why the reversibility—of switching from outsourcing to applications software and vice versa—HR Access provides was a deciding factor in our choice," explains **Paule Arcangeli, HR Director, AG2R La Mondiale.**

In the framework of this collaboration, the functional scope will first cover training management outsourcing, and later payroll, HR administration and time and attendance management.

This new contract will allow HR Access to strengthen its expertise in the banking and insurance sector. The company already counts Gras Savoye and Crédit Agricole among its customers in France, as well as Bankinter and Caixanova in Spain.
